 1. Entrepreneurship Education and Sustainable Development
 2. Peace & Citizenship.

4. **INTERNSHIP, SCHOLARSHIP AND OTHER OPPORTUNITIES**

- Tripartite scholarship arrangement for MBBS students among ABUAD, Little by Little Foundation and John Hopkins University, United State of America. The first three beneficiaries under this programme left for John Hopkins Hospital on April 18, 2023.
- In 2013, when ABUAD was barely three-and-half years old, the US Consulate in Nigeria granted the University the Fulbright Exchange Programme as of right. With this rare offer, ABUAD has become one of the very few Universities granted the right to attend the programme that is often applied and keenly contested for.
- Full Scholarship for Miss Mary Adeyemo, a First-Class Law Graduate of ABUAD, who was offered a direct admission for a Ph.D at Oxford University, United Kingdom (UK), without going through the conventional Master of Laws (LL.M).

- This was followed in 2024 by Miss Cynthia Oluwagbemisola Falegan, a 2017 Petroleum Engineering graduate of the University, who was also offered a direct admission to pursue her Ph. D in Chemical Engineering at the University of Toledo, Ohio, USA, without a Master's Degree.
- Internship opportunities for students in Nigeria (Pan Ocean), USA, England, China and Germany.
- Students and Teachers Exchange Programme available in highly ranked world Universities in Brazil, USA, Germany, Cote-d'Ivoire, China, Republic of Benin, and England.

- Ultra-modern Postgraduate School Buildings.
- Stable and Uninterrupted Power Supply through the University Independent Power Project.
- 121-unit Industrial Research Park that is unprecedented in Nigeria and Sub-Saharan Africa.
- 24-hour Robust Internet/Wifi Access.

6. **ABUAD MULTI-SYSTEM HOSPITAL:**

- To complement its Medical Training Programme, ABUAD built an ultra-modern 400-bed Multi-System Hospital which was commissioned on October 20, 2017. The Hospital is populated with the most modern and sophisticated medical equipment and employed the best of hands that have made it the Hospital of first choice in Africa. This has stood it out as a clear leader and the toast of its peers in Africa.
- No wonder, Dr. Yemi Johnson, the Chief Medical Director of First Cardiology Consultants, Lagos, had this to say about the Hospital: "This is my first visit to Ekiti and the ABUAD Hospital was my

first stop. This is really impressive. I can say without any equivocation that this hospital has more high-tech medical equipment than all the hospitals in Lagos put together. This is most certainly the best equipped hospital in Sub-Saharan Africa”.

- One amazing thing about the Multi-System Hospital is that even though it is equipped with state-of-the-art medical equipment, the rates are much lower than what people think.
- Availability of a Helipad certified by the Ministry of Aviation, with which patients could be conveniently ferried from any part of the country to the Hospital.

7. **ABUAD INDUSTRIAL RESEARCH PARK**

- As an innovative University that set out to make a difference, Afe Babalola University conceptualized the establishment of a 121-Units of industries in the Industrial Research Park, an amalgamation of industry with University to promote innovation, research, industrial development, employment and generate income for the industry, University community, the State and the Federal Government.
- On January 25, 2018, the revered Ooni of Ife, His Imperial Majesty, Oba Adeyeye Enitan Ogunwusi, Ojaja II, turned the sod of Industrial Park. This singular event marked the beginning of Industrial Revolution in Nigeria and since then, nobody has doubted the University's ability to do its judging by the streak of successes ABUAD has recorded since it came into existence slightly over 12 years ago.
- The first phase of the 121-unit Industrial Research Park took off on Monday, June 21, 2021 with the commissioning of the University's Independent Power Project, IPP and the foundation laying of nine other industries within the Industrial Park Complex.

8. **DRUG RESEARCH**

Beginning from 2019, the University's Bogoro Research Institute in concert with ABUAD Multi-System Hospital (AMSH), the College of Pharmacy and the Herbal Factory cited at the ABUAD Industrial Research Park, shot of international prominence by developing a herbal remedy called *Virucidine* for the treatment of the dreaded disease which changed the political, economic, health and the education equation of the world.

It has also developed a herb-based therapy called **AB-MaL**, a cheaper, more readily available and affordable medication for malaria.

ABUAD's other intervention areas of health include: ageing, cancer and benign prostate hyperplasia.

9. **ENROLLMENT:**

The University's enrolment has grown from 240 students in January 2009/2010 Academic Session to 8,500 students in October 2023/2024 Academic Session having graduated eleven (11) sets of students in 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022 and 2023.

10. Robust Parents/Teachers Consultative Forum.

11. There is freedom of Religion in ABUAD. However, wearing of Religion is not allowed.

12. **Security:** Unprecedented Security Apparatus and full complements of Security Forces put in place to beef up ABUAD's Security System.
